**Palm Sunday** is observed among many Christian churches as part of Holy Week in Canada. It is the last Sunday during the Lenten period, as well as the Sunday before Easter Sunday. Palm Sunday events and traditions have been observed in Canada for many years. Many Christian churches hold special services on Palm Sunday where congregation members receive blessed palm leaves, which symbolize victory and joy. Palm Sunday palms are usually kept and used to make the [Ash Wednesday](#) ashes for the next year. Service readings focus on the story of Jesus' entry into Jerusalem and the events in his life that took place, including his suffering, prior to his death on the cross.

**Good Friday** is a holy day observed by the Christian community, commemorating the crucifixion of Jesus. According to the Bible, Jesus is believed to have died around 3 p.m. in the afternoon. Jesus was crucified for the sake of humanity in 33 A.D. It was termed as the victory of good over evil and since then, the day has been celebrated as Good Friday. The need of sacrifice for human sins is acknowledged in most of the world's oldest religions. It is believed that Jesus was the medium between human and God. He was God's perfect sinless substitute, who bore the punishment on behalf of the sinful human race. Through his sacrifice, Jesus became the bridge between humans and god. He is believed to be the son of God.

**The March equinox** marks the moment the Sun crosses the celestial equator – the imaginary line in the sky above the Earth's equator – from south to north. This happens on [March 19, 20, or 21](#) every year.
